

Print Form

Fill out this form completely and legibly. Include a copy of your proof of purchase. Send back your entire rod. Many people want to cut the rod to save on shipping costs. Please keep in mind we need to inspect the rod breakage to determine if it will be covered under warranty. If we deem the rod broken outside of our warranty we will not replace it and you will no longer be able to have it repaired simply at a local shop. Also we will not accept a rod cut for a guide problem or cut more than twice.

Please note: We will only warranty products sold through our Authorized Shimano Retailers. We will not warranty products that were purchased through on-line auction sites, i.e. e-bay, due to the fact that we cannot trace the origin of the product.

Return Shipments: Please note - Shimano Canada Ltd. is not responsible for serviced reels that go missing after the carrier confirms delivery to the location provided.
